

## **MOTOROLA A1000**

Ready for a mobile that has everything? Motorola introduces the model A1000, the ultimate 3G convergence phone that allows you to do almost everything while looking stylish and staying on the cutting edge. With this multi-functional mobile's voice and data functionality, you can feel confident leaving the office and taking your work on the road. Get more done while you review documents and conduct conference calls at the same time and open up a whole new way to communicate and share information with two-way videoconference capabilities. The Motorola A1000 is a smart phone for a smarter you.

### **Do It Faster**

Never be out of touch, out of sync or out of enjoyment with the model A1000's voice and high-speed data functionality. 3G technology combined with Tri-band functionality keep you connected globally. And, the full HTML browser allows you to surf the net - keeping you instantly in-the-know while on-the-go.

### **Tantalize Your Senses**

Who would've thought your camcorder could keep you so connected? Now that the Motorola A1000 is available you can take video and pictures with the integrated 1.2 mega-pixel camera with zoom capability. Experience the brilliant color display and awesome audio with polyphonic ringtones that engage your senses and bring your snapshots, streaming video and images to another level.

### **Multi-Task Master**

Don't have time to mess around? No problem! The Motorola A1000 lets you do it all at once! Conduct a phone call while simultaneously using other wireless services, such as surfing the Internet or accessing corporate data. Need to be hands-free? Bluetooth® Wireless Technology keeps it simple with no wires. No matter where you are or how much time you have, the A1000 helps keep you together.
